Dr.B.Vinayagasundaram, the Convener and Head of the department welcomed the members and the following items were discussed:

Agenda No. 1: Approval of the online courses for the UG/PG regulation 2015 (CBCS)

1. The DCC discussed about the online courses as per 2015 CBCS regulation and decided to recommend only online courses offered by NPTEL.
2. The DCC recommends the following list of online courses of 12 weeks offered by NPTEL for UG and PG students. The student can undergo an online course from the list in lieu of a 3 credit elective as per regulation and same may be approved by the Centre for Academic Courses.
 - Joy of computing using Python
 - Randomized Algorithms
 - Parallel Algorithms
 - Blockchain Architecture and Use Cases
 - Social networks
 - Introduction to Internet of Things
 - Introduction to Industry 4.0 and Industrial Internet of Things

3. The DCC also recommends the below mentioned list of courses of 8 weeks offered by NPTEL to be considered equivalent for Value Added Courses and the same may be approved by the Centre for Academic Courses as per Anna University norms.

- Programming, Data Structures and Algorithms using Python
- Data Mining
- Privacy and Security in Online Social Media

4. Also, the DCC recommends that an End Semester Examination need not be conducted and graded for NPTEL courses since an examination is conducted by IIT for those courses and certification of those courses could be made eligible for credits and the same can be evaluated for grading by a Credit Equivalence Committee as per norms.

HOD thanked all the members for given their valuable suggestions.
